

Legend Drug Information for Connecticut Prescribing Practitioners and Pharmacists

VABOMERE® (meropenem and vaborbactam)

The price listed below is the Wholesaler Acquisition Cost ("WAC") as established and made available to the public by a third-party publisher, PriceRx. The price paid by consumers may be higher or lower than the price listed below. This information is provided to Connecticut prescribing practitioners and pharmacists pursuant to Connecticut law.

Marketed Product:

Drug	Package Size	WAC	Quantity
VABOMERE® (meropenem and vaborbactam)	12g (6 2-g vials)	\$1,402.55	1

Efficacy within different racial/ethnic groups

There is limited data from the TANGO I pivotal study on efficacy in racial or ethnic groups. (Efficacy rates by subgroup were 98.9% of white patients, 100% of 4 Asian patients, 100% of 3 black patients, and 85.7% of 7 others patients).

PriceRx is the source of the enclosed WAC information. This document is current as of July 1, 2026.
